HIGH FIDELITY

Designed in America and made in Britain by RCA, the recognised world leaders in electronic engineering, the new "President" phonograph is, in every respect, a superlative piece of equipment. You'll recognise that the moment you hear its thrilling dynamic range, its clarity, its vivid realism. The "President" is **not** designed for radio reception—any straightforward radio receiver is quite adequate for that. But when it's a matter of enjoying high fidelity record reproduction more breathtaking than you've ever heard before, the "President" is most definitely the only thing for you.
