

Heard about **PHILCO** *Living Sound?*

With the exclusive new TWIN-CHANNEL PRINCIPLE of sound, it brings every record vividly to life

This spectacular Philco 'world's first' record reproducer has been achieved by linking a new, exclusive Twin-Channel sound system to four speakers precision-placed in an acoustically-balanced cabinet. The result is a performance equal to a specially built installation . . . a breath-taking realism in record reproduction never before known — in fact, 'Living Sound'.

PHILCO high fidelity brings concert hall realism to your home

The Philco 'Trio' record reproducer is high fidelity at its most revealing. Fitted with three speakers (one 10" x 6" elliptical bass speaker, and two specially developed 4" square speakers), it gives a 3-dimensional diffusion of concert hall realism that fills every corner of the room. It has unbelievably high undistorted output — yet absolute realism at low level.

Philco 'Living Sound' with: Four audio-aligned speakers, precision placed for full dispersion of sound. Four speeds — 78, 45, 33 1/3 and 16 2/3 r.p.m. 'Collaro' H.F. automatic inter-mix changer. Illuminated cabinet interior. Compensated volume control. Silent-closing pneumatic lid. Elegant, beautifully finished cabinet in light or dark tone, with ample record space.

£105-0-0

I'm going home to my PHILCO

Philco 'Trio' with: Four-speed automatic changer. Separate bass and treble control. Compensated volume control. Removable legs easily change the 'Trio' Convertible into a table model.

Heavy acoustically-balanced cabinet eliminates resonance.
