Aunt Daisy HAS THE KEY OF THE KITCHEN

During her 21 years of broadcasting, Aunt Daisy has made an outstanding contribution to our enjoyment of better meals—more tasty, more nutritious, more digestible.

And one product Aunt Daisy has consistently recommended is Brown & Polson Patent Cornflour, the original pure maize cornflour.

No kitchen is complete without it because Brown & Polson Patent Cornflour has so many uses. It helps you to make lighter sponges, cakes and pastries; it thickens and enriches gravies, soups and stews and, of course, everyone knows that Brown & Polson Patent Cornflour is unequalled for delicious Blancmanges and other sweets.
