

BACKACHE STOPPED MY GARDENING

—till
Kruschen
gave
relief

RHEUMATISM HAD ME CHAINED down—I couldn't straighten up. The pain lasted for weeks. Then I took Kruschen Salts and was soon restored to normal. Now I take a pinch every morning and am feeling fine.

Rheumatic pain is often caused by impurities which collect in the system instead of being regularly expelled. Kruschen, being both aperient and diuretic, helps flush away the pain-causing impurities through both natural channels.

Take a morning teaspoonful of Kruschen until the pain goes—thereafter the little 'daily dose'... enough to cover a sixpence. Kruschen will keep you in **BOUNDING HEALTH** if taken regularly.

Obtainable from all chemists and stores.
Manf. in N.Z. for E. Griffiths Hughes Ltd.,
England. N.Z. Agents: Fairbairn Wright Ltd.,
Auckland, Rotorua, Wellington, Christchurch,
Dunedin and Invercargill.

You feel marvellous

In a Rainster topcoat—such cut and finish, such fine wool gabardine!—you feel that you're looking even better than your best: you feel marvellous. If it should rain—a shrug and it's off a Rainster's tailored look, a Rainster's successful look. Nothing can dampen your marvellous feeling—in a Rainster.

Single- and double-breasted styles with proof-lined shoulders, suede-finish pockets, rich satin-lining.
