A Name ...

to Remember ★

(a) Drama in the A.M.! Every Friday, in fact, at 10.45. We at Edmonds believe that you will approve our choice of an **adult** programme. Each episode is a fully completed story.

Each describes quite brilliantly the very moments of triumph and despair in the lives of Father Damien, Wiley Post, Titian, Wild Bill Hickok and others—real people with real emotions.

(b) Pictured is Guy Doleman, one of the many "hard-to-get" actors who participate in the series. The production by Artransa is exceptionally good and Harp McGuire's narrations are fresh and interesting. You'll enjoy each programme.

* every Friday at 10.45 a.m.
