LET'S STOP THESE DROWNINGS

Over 30
is the **DANGER AGE**
for drowning!

Well over **one third** of all deaths from drowning last year involved adults of 30 years of age and over! The reason is simply this: after 30 you have not the stamina you used to have . . . if you get into swimming difficulties there is less likelihood of getting out of trouble easily. So, if you are over 30, swim all you want but don't take chances. You

can swim as enjoyably in 5 feet of water as 50 feet. At patrolled beaches always keep to marked safety zones — at unpatrolled beaches swim with the crowd — there's safety in numbers.

90% OF DROWNINGS ARE PREVENTABLE

Inserted by the Physical Welfare and Recreation Branch of the Internal Affairs Department
