COLOURFUL!

CLEAN TO HANDLE!

Garden Hose in **"WELVIC"**!

Gardening becomes a gayer, pleasanter pastime when you own one of the colourful new plastic garden hoses made from I.C.I. "Welvic". Hoses of this remarkable plastic are clean to handle — the shining glistening surface will not soil your hands. They are lighter, too, being only one third the weight of ordinary hose, 60 feet of "Welvic" hose weighing only 6-8 lbs. This lightness is achieved without loss of strength or durability, for "Welvic" is virtually perish-proof, out-wears and out-lasts ordinary hose.

"Welvic" hose is impervious to oils and grease, is not adversely affected by prolonged exposure to sun or weather, and resists the abrasion of concrete paths, gravel drives, etc. You can buy gay, durable "Welvic" garden hose at all hardware stores and gardening shops under the manufacturers' brand names of "Litex" and "Modernite" garden hose.
