says *Alex Murray.*

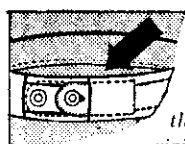

"Action Waist gives freedom where golfers need it most, at the hips and the waist line", says Alex Murray. You feel free to S-W-I-N-G because "Action Waist" gives snug waist fit without pressure, without belt, without roll-over. Superb grey worsted in a full range of sizes. Most retailers carry stocks of "Action Waist" trousers with the cuffs unfinished so they can be finished to your exact personal requirements.

THE "ACTION WAIST"
— NO belt — NO pressure

A wide concealed elastic band (adjusted outside by neat side button fastenings) runs around sides and anchors firmly at the back seam. Although the "Action Waist" grips firmly without rigidity, pressure or tightness and leaves the body free, under no circumstances can the band roll over or buckle.
