

Whistle while you wash

Gas gives you **INSTANT** hot water at the turn of the tap . . . any moment, day or night. And water heated by gas flows into your bath, sink or washtub piping hot. No

matter how many times you wash your dishes . . . no matter how many baths your family has, you'll find that gas-heated water keeps coming . . . and coming and coming! It's unlimited and so **ECONOMICAL!** Many Gas Undertakings offer a special **LOWER** tariff rate if you have a Gas Water Heating Service.

People with Gas water systems finish work earlier. They're the happiest people in town!
