

'ACTION WAIST'

**suits are smarter,
more comfortable,
lower priced!**

"Action Waist" suits by Canterbury are triple winners! They're smarter... quality tailored in fine fabrics. They're more comfortable... feeling warm?... slip off the coat... you're still trim as a pin because the trousers have the famous self-supporting "Action Waist" waistband... no braces, no buttons... just superb comfort in a flexible, breathing waistband... a rubber strip even holds your shirt in. Yet despite this extra comfort and smartness "Action Waist" suits cost less than ordinary 3 piece suits. See them at smart men's shops... 2 piece suits in worsteds, hopsacks and other fine fabrics... sports trousers in a fine colour range in superb worsted.
