

Homes and People

"We want a home!" That is the cry of tens of thousands of people in New Zealand, but it doesn't make it any easier for any one married couple or family to know that many others are in the same plight. See the problem as one family sees it—as it affects individual men, women and children—and you realise how much unhappiness it causes. For many who had planned to build, costs soaring while they saved has put a home as far away as ever, and with a rising population the end to the shortage of houses seems far away. This is the atmosphere in which the Government is to meet interested parties in what is probably the most important conference on housing yet held in New Zealand. To help listeners to get a clearer picture of the problem the NZBS will broadcast on link from YA and YZ stations during July a documentary programme and three discussions. These will be heard at 9.15 p.m. on Mondays. The first, *No Home of Our Own—a New Zealand Problem*, to be broadcast on July 6, will give in documentary form a picture of the magnitude and urgency of the problem. On the following three Mondays discussions on the topic "We Want a Home" will tackle some of the practical questions that people who intend to build a house have to face.

SOME degree of prefabrication seems to be one answer to the problem of speedy house-construction. These workmen are assembling house-frames on jigs in a Wellington factory

put yourself in these shoes

... and enjoy your golf more than ever. They are made of Martins Scotch Heather Grain leather, with imported Avon rubber soles (or leather soles if you prefer them). The popular 'Wall Toe' design helps to make them completely comfortable and gives them that sturdy outdoor look. They will serve you well for many a season's play.

Today my
COLD
is
Cleared!

DOUBLE ACTION is
The Secret of **DOUBLE QUICK** relief!

1. **CLEARs** stuffy nose, soothes sore throat and calms coughing, as its medicinal vapours are inhaled with every breath.

2. **"DRAWS OUT"** congestion and eases tightness as it works on the chest like a gentle, warming poultice.

IT'S SO EASY! To relieve the distress of a child's cold in next-to-no-time, just rub chest, throat and back at bedtime with Vicks VapoRub.

FEELS SO GOOD! Children love its pleasant, comforting warmth on the skin... and its soothing, medicinal vapours, too!

BEST OF ALL, VapoRub's 2-way relieving action not only makes the child feel better right away—but keeps on fighting the cold for hours during sleep. And *that's* why, so often, the worst of the cold is cleared up in a single night!

Just rub on **VICKS VAPORUB**

CLEARs THE WHOLE FAMILY'S COLDS!
