Mr. SKENE reports for the week ending August 25:—The sudden break in the weather has put a complete stop to all out-door work. We may look for a good many such bursters ere winter says goodbye. Very few people are looked for at present. Ploughing is well through in most districts. Shepherds are not much asked for, but their season will soon be on now. In all cases, wages are keeping at the old level, but firm, as in no case do employers grudge good wages to good servants; but so many undertake duties of which they know nothing, that it is impossible to tell the genuine article till tested. Few servants who know anything are very scarce, but it will be the same cry to the end of the chapter. Wages—Ploughmen and shepherd, £53 to £70; couples, £75 to £100; handy men on farm or station, 15s to 25s per week; day labourers, 8s, 9s, and 10s. The building trade is only kept back by the bad weather. House and hotel girls get from £26 to £52; useful boys and girls, 5s to 15s per week. Store hands are very quiet.

Mr. HENRY DRIVER, on behalf of the New Zealand Loan and Mercantile Agency Company, reports as follows for the week ending August 25:—

Fat Cattle.—As only a moderate supply of about 100 head came forward, there was a firmer market, and a shade better than last week's rates obtained. Best bullocks brought from £12 to £16 10s; ditto cows, from £10 to £15, or equal to about 42s 6d per 100lb. for best quality, and 36s for ordinary. At the yards we sold 30 head at full rates, and privately 300 head for delivery during October and November.

Fat Calves.—Only a very few penned, and sold at 65s. Good weaners would command extreme rates.

Fat Sheep.—The market was again glutted with about 3,000 sheep, consisting chiefly of good to prime cross-breeds. Only about one-third the number penned found buyers. Most of the sheep now offering are deliveries under time contracts, and are selling at a loss to the dealers. Best cross-breeds only realised 15s to 18s 6d, or equal to about 4d per lb. At the yards we sold 400 at above rates, and 500 privately for delivery next week.

Store Cattle and Sheep.—With the exception of sundry small lots, we have not heard of any transaction in either cattle or sheep, although both are very saleable, without any offering.

Wool.—We are yet without cable advices of the opening of the August sales, and have no business in this market. All small lots offered at our weekly sales bring full rates.

Sheepskins.—A large attendance of buyers, with a full catalogue of principally green skins, caused a brisk sale at advanced prices, principally in cross-breeds, which sold at 5s 6d to 6s 7d; Leicesters, 7s 2d; merinos, 4s 3d to 4s 10d. Dry skins: Cross-breeds, 4s 10d to 5s 8d; merinos, 2s 9d to 4s 11d; pelts, 10d to 1s 10d.

Hides.—Market dull at lower rates. We sold ordinary light hide, at 14s to 15s; medium, 17s 6d to 20s.

Tallow.—None offered last week. We have several lots for to-day at 2 o'clock.

Grain.—Wheat is in steady demand at 4s 5d to 4s 6d for fair to good milling, 4s 5d to 4s 7d for extra choice. English market quoted higher, 5s to 5s 8s. The market is better supplied with oats, and local dealers are supplying themselves at less than our quotations: shipping demand slight. We have sold good heavy feed at 2s 9d, and quote feed 2s 7d to 2s 9d; choice milling, 2s 11d. Barley—Good malting is in demand. We sold a superior lot of Oamaru grown at Cs; good, 5s 6d to 5s 9d; milling, 4s 3d to 4s 6d.

A dinner set of Dresden, manufactured to order for a New York gentleman, has, we are told by a Transatlantic paper, recently arrived there from Europe. It consists of eleven hundred pieces, into which fifty different colours and shades are introduced. The plates and dishes for each course are of different patterns; and in the centre of each plate is an encaused landscape, and on each dish a copy of some celebrated piece of statuary. The set cost one thousand pounds.
