COMMERCIAL.

Mr. HENRY DRIVER, on behalf of the New Zealand Loan and Mercantile Agency Company, reports as follows for the week ending September 29:—

Fat Cattle.—140 head were yarded for the weekly sale, and all sold at prices ranging from £8 10s to £17 for bullocks, and £7 to £15 for cows. About one-half the number offered were ordinary to medium quality. Any really prime pens brought fully our late quotations, say, about 45s per 100lb., while medium to ordinary did not bring more than 30s, owing to the large number of this sort offering. At the yards and privately during the week we have sold 350 head.

Fat Calves.—Only a few were yarded, and brought extreme rates.

Fat Sheep.—About 1,600 were penned, a large proportion of which were sold at from 16s 6d to 19s 6d for best quality cross-breds; ordinary, from 10s to 15s, or equal to 4d per lb. We sold 500 at above rates.

Store Cattle.—Buyers are very plentiful for well grown, well-conditioned cattle at from £6 10s to £8 for bullocks, and £4 10s to £5 10s for cows. We have sold several small lots at the above rates.

Store Sheep.—We have no transactions to report, nor do we anticipate any business of importance will be done until after shearing.

Wool.—Per Ringarooma we have telegram from our London office dated 15th September, advising progress of wool sales as under:—Up to date 184,000 bales have been sold. Market easier for lambs and cross-breds. The principal decline in New Zealand wool has been in cross bred, medium and inferior greasy. Seedy and burry wools neglected.

Sheepskins.—At our weekly sale last Thursday prices were well maintained. Green cross-breds brought 5s 6d to 6s 1d; merinos, 4s 2d.

Hides were well competed for; prices fully maintained. We sold medium wet salted at 17s to 21s 6d; green, 20s to 21s.

Tallow.—By our London telegram prices have advanced considerably. Mutton quoted £48; beef, £47. Our local market will no doubt be influenced by these advices. We offer some country lots to-morrow at 2 o'clock.

Grain.—Wheat continues in fair demand at 4s 6d to 4s 7d for good to superior milling; inferior, 4s 3d; fowls' feed, 4s. Oats are very dull at 2s 7d to 2s 8d for good feed; milling, 2s 10d. Melbourne market is a little improved, to which port we are shipping some 6,000 bags on growers' account. Barley is unaltered in value; transactions for this season being pretty nearly closed, quotations are nominal—5s 6d to 6s for malting; grinding, 4s to 4s 3d.

Mr. SKENE reports for the week ending 29th Sept., as follows:—It is not possible to say that there is any improvement in the town department of the labour market, where everything is still very quiet. A great many men are looking for work; but the country demand is as good as ever, which shows the folly of sending, or inducing, people to come here except those who have a smattering of country experience. The towns always want a limited number of skilled artisans, and pay them well too; but to flood us with shiploads of tradesmen, as if we had large cities to absorb them, is a great mistake, hurting the interests of new and old clumps. Late shipments seem a decided improvement. Female servants are very scarce. Shepherds can be got; but shepherds, with their best friend, the "collie," are very difficult to secure. Wages: Hotel and house girls, £33 to £32; useful boys and girls, from 6s to 10s and 15s per week; ploughmen and shepherds, from £55 to £70; country couples, from £75 to £90. Hotel hands are still slack. Masons, carpenters, and bricklayers are not constantly employed as yet; but their busy time is almost on. Clerks and shopmen are still very dull, but we may safely count on new life in business circles with the 1st of October.
