WANTED KNOWN—CHEAP BOOTS!
CHEAP BOOTS.
TO THE PUBLIC.

We believe that the fundamental principle which ensures success in business is that each transaction should prove equally beneficial to the two contracting parties—the buyer and the seller. This principle we have developed to the very utmost in our scheme for supplying a First-class pair of

ELASTIC SIDE OR BALMORAL BOOTS

at the

MINIMUM PRICE OF 20s.

The quality of our Boots equals any of the high-class productions of the best makers in Dunedin, and gentlemen who purchase such goods will know that the price hitherto has been seldom, if ever, under 25s or 35s. The benefits which gentlemen derive from this scheme are thus as real as they are apparent; while the "sweet simplicity" of Cash Payments frees us from bad debts, and a great many other evils which attend the credit system.

COMMERCIAL.

MR. HENRY DRIVER, on behalf of the New Zealand Loan and Mercantile Agency Company, reports as follows for the week ending July 12, 1876:—

Fat Cattle.—The market to-day was short supplied with 120 head, chiefly good to prime quality; and as the trade was somewhat out of beef, the bidding was brisk, a decided improvement in price being obtained. Best pens of bullocks brought from £12 10s to £16 7s 6d; ditto cows, £10s 10s to £15.

Fat Sheep.—1,600 came forward, and although this may be considered a short supply, the prices obtained scarcely came up to last week's quotations. We quote best cross-breeds at 12s 6d to 15s 9d, or hardly 3d per lb.

Store Cattle.—We have no alteration to report, but would draw attention to the sale of 200 head at Mosgiel to-morrow, 13th instant.

Store Sheep.—No business to note.

Wool.—Some of the anxiety as to the future course of the wool trade has been relieved by cablegrams to-day, announcing the probability that the peace of Europe would not be disturbed at the present time; but until the cable gives information of the opening of the June-July series of London wool sales, it would be idle to estimate probable results. In the meantime no business can be done in this market.

Sheepskins.—At our usual weekly auction this afternoon sales were brisk, and fullest values obtained, butchers' green cross-breeds bringing 4s 1d; dry ditto, 2s 11d to 3s 7d.

Hides were in better demand, and last week's rates fully maintained. We sold 170 wet salted at an average of 3½d per lb.—say, inferior, 14s to 16s; medium, 18s to 21s.

Tallow.—None offered.

Grain.—Wheat: Finest milling is much wanted; prices hardening; 4s 9d freely paid for good wheat: 4s 6d to 4s 8d for secondary samples; inferior, 4s 4d. Oats: There has been little doing in this grain during the last week, partly owing to coastal freight. Melbourne market has quite broken down; prices nominal where sales forced. This market, however, remains without change, and we have no alterations to make in our present quotations—say 1s 8d to 1s 9d for good to heavy feed, and 1s 10d for milling samples. Barley: There has been more inquiry, and more business done both in malting and milling; secondary samples 3s 9d to 4s; prime, 4s 6d; choice, none.

MR. SKENE reports for the week ending July 12, as follows:—Affairs in the labor market have brightened up considerably; in fact, things vary with the weather. There is an increased enquiry for station and farm couples; also for ploughmen. Shepherds are quiet. Carpenters, blacksmiths, bakers, masons, bricklayers, &c., are only kept moving, but winter weather breaks their time and pay sadly. Far too many know nothing in particular men are lounging about, and cannot do the work offered. Female servants of all sorts are much wanted, with knowledge of plain house work. Shopmen, clerks, &c., unless first-class are little valued. Wages—Couples, £65 and £70; shepherds, £65 and £70; ploughmen, £52, £55, and £60; carpenters, 10s, 12s, and 13s; bricklayers, 14s; day labor, 7s, 8s, 9s, and 10s; dairy and odd hands, 15s and 20s; house girls, 10s, 12s, and 15s; hotel girls, 15s, 20s, and 30s; boys and girls, 6s to 10s per week.

MR. A. MERRICK reports as follows for the week ending July 12, 1876, retail prices only:—Fresh butter, in ½ and 1 lb. prints, 2s to 2s 2½; fresh butter, in lumps, 1s 9d to 1s 10d; powdered and salt butter, 1s 8d to 1s 9d. Fresh butter is very scarce, and the market at present is barely supplied. Salt butter is plentiful and selling well. Cheese, best quality, 1s 2d per lb; side and rolled bacon, 1s to 1s 1d; Colonial hams, 1s 3d; English hams, 1s 6d to 1s 8d. Eggs selling well, but not so plentiful, 2s to 2s 3d per doz.

Messrs. M. and J. MERRAN, George Street, reports the following as the latest quotations:—Flour—Large bags, £11; small do., £11 10s per ton. Oatmeal—£11 per ton. Pearl barley—£24 per ton. Bran—£4 15s, including bags. Pollard—£6 per ton. Chaff—£1 per ton. Hay—£3 15s per ton. Potatoes—£1 per ton. Carrots—£2 10s per ton. Wheat—4s to 4s 6d per bushel. Barley—4s per bushel. Oats—1s 8d to 1s 10d per bushel. Cheese—9½d to 11d per lb.

BUTCHERS' MEAT.

MR. J. VEZEX reports for the week ending July 12, 1876, retail: Roast beef, 6d to 8d per lb; boiling do., 4d to 5d per lb; stewing do., 4d to 6d per lb; steak, 6d to 9d per lb; mutton, 3d to 6d per lb; veal, 4d to 8d per lb; pork, 9d to 10d per lb; lamb, 3s to 4s per qr. scarce.
