WANTED KNOWN—CHEAP BOOTS
CHEAP BOOTS.
TO THE PUBLIC.

We believe that the fundamental principle which ensures success in business is that each transaction should prove equally beneficial to the two contracting parties—the buyer and the seller. This principle we have developed to the very utmost in our scheme for supplying a

First-class pair of
ELASTIC SIDE OR BALMORAL BOOTS
at the

MINIMUM PRICE OF 20s.

The quality of our Boots equals any of the high-class productions of the best makers in Dunedin, and gentlemen who purchase such goods will know that the price hitherto has been seldom, if ever, under 25s or 35s. The benefits which gentlemen derive from this scheme are thus as real as they are apparent; while the "sweet simplicity" of Cash Payments frees us from bad debts, and a great many other evils which attend the credit system.

COMMERCIAL.

MR. HENRY DRIVER, on behalf of the New Zealand Loan and Mercantile Agency Company, reports as follows for the week ending September 20, 1876:—

Fat Cattle.—Only a moderate supply of 95 head were yarded, and the quality being superior to anything ever offered in this market, caused a very considerable advance over last weeks' rates. We sold on account of John Grigg, Esq., of Longbeach, 40 head, which were considered the finest lot of bullocks ever yarded here, and realised from £16 10s to £24—on an average of £18 5s 6d each. These cattle were bred and fattened by Messrs Studholme Bros., Waimate. These cattle we consider brought about 37s 6d per 100lbs. The New Zealand and Australian Land Company yarded 50 head good quality polled Angus bullocks, which averaged about £13 10s each. We have also sold 50 head privately.

Fat Sheep.—About 1600 were penned, consisting mostly of good quality cross-breeds; nearly one-third the number were passed, and either sold privately or turned out. Best cross-breeds brought up to 15s 6d; second quality, 11s to 12s 6d—or equal to about 23d per lb for prime quality. We sold at yards 300 and 400 privately.

Wool.—By the San Francisco mail we are in possession of price catalogues of London wool sales up to the 26th July, from the later dates of which it is observable that prices were slightly recovering from the great panic by which both buyers and sellers had been overtaken. The market being so overweighed with supply, could not rally from a downward course until fully two-thirds of the quantity apportioned for sale had passed the hammer.

Sheepskins.—The sales were fairly supplied to-day. At our auction, this afternoon, we catalogued 900 skins, which brought full rates. Butchers' green cross-breeds, 4s to 4s 11d; merinos, 3s 2d to 3s 10d.

Hides.—A small supply brought fully late rates. Medium weights 15s to 17s; heavy weights, 20s, or 3d per lb. for wet salted; green butchers', 15s 9d to 18s 6d.

Tallow.—Some few casks of fair quality sold at 28s 6d to 30s.

Grain.—Wheat supplies continue extremely small, barely sufficient to supply the local millers. Prices are very firm at 5s for secondary, and 5s 6d for prime milling. A small shipment has arrived in Auckland, quoted in error last week as oats. According to latest accounts from San Francisco, wheat was selling at prices equal to 3s 9d to 3s 10d per bushel of 60 lbs., with an estimated surplus for export of 750,000 tons. Oats are much inquired for, and very saleable at 2s to 2s 2d feed, and 2s 3d seed and milling. Prices are not likely to recede. A better supply is required to fulfil shipping orders in abeyance. Barley is more inquired for, and as only choice qualities of malting can be worked during the summer months, they are likely to bring better prices. We quote middling, 4s; best, 4s 6d.; Milling is in demand at 2s 6d to 2s 9d.

MR. SKENE reports for the week ending September 20, as follows:—The spring demand is now making itself felt in the labor market. Inquiries are rife for good hands for dairy, arable, and sheep farms. Couples are beginning to move. Town business in general is more active, and shopmen and bookkeepers have less difficulty in getting placed; but half and half ploughmen of no use are poorly paid, and we have far too many of them. A good many picked men are off to the West Coast rush. Mustering hands are now wanted. Wages—Couples, £65 to £75; shepherds, £60 to £65; ploughmen, £52 to £60; day labor at road, rail, and bush, &c., 7s, 8s, and 9s; house and hotel girls, 10s, 15s, 20s, and 30s; cooks, grooms, waiters, &c., 25s to 50s; dairy hands, 15s and 20s; clerks and storemen, 30s to 60s; boys, 6s to 10s.

MR. A. MERCER reports as follows for the week ending September 28, 1876, retail prices only:—Fresh butter, 1s 6d to 1s 9d; favorite brands, 1s 10d to 2s; fresh butter, in lumps, 1s 6d; powdered and salt butter, 1s 6d. Fresh butter is now getting very plentiful, and prices falling. Salt butter very plentiful, but new season scarce. Cheese, of the best quality, 1s 2d; side and rolled bacon, 1s; Colonial hams, 1s 2d to 1s 3d; English hams, 1s 6d to 1s 7d; eggs are selling well at 1s 3d per doz.

MESSRS. M. and J. MEENAN, George Street, report the following as the latest quotations:—Flour—Large bags, £12 10s; small do, £13 per ton. Oatmeal—£11 10s per ton. Pearl barley—£22 per ton. Bran—£5 15s per ton, including bags. Pollard—£6 10s per ton. Chaff—£4 per ton. Hay—£3 15s to £4 per ton. Potatoes—£3 15s to £4 per ton. Carrots—£2 10s per ton. Wheat—4s 6d to 4s 9d per bushel. Barley—2s 9d to 3s 6d per bushel. Oats—2s to 2s 2d per bushel. Cheese—10d to 11d per lb.

MR. J. VEZEY reports for the week ending September 13, 1876:—Retail: Roast beef, 6d to 8d per lb.; boiling do., 4d to 6d per lb.; stewing do., 4d to 6d per lb.; steak, 6d to 9d per lb.; mutton, 3d to 6d per lb.; veal, 4d to 8d per lb.; pork, 9d to 10d per lb.
