MEN, BE STRONG!

We know that no man remains weak and ill because he likes it, or because he wants to. It is because he has been unable to find a remedy that will cure him. Many men have wasted time and money on drugs and medical treatment, when drugs were the last things they should have turned to. The vital element, the life of the nerves and tissues in the human body is **Electricity**, and when the normal supply is exhausted, nothing under the sun will replace it except a current of Electricity carried into the body from the outside. If every organ and tissue and nerve in the body was full of Electricity there could be no weakness; no disease could exist. Therefore when you are weak or ill, you must use **Electricity** if you want to get well.

DR. McLAUGHLIN'S ELECTRIC BELT

accomplishes Cures that read like miracles. It gives new courage to a man, stimulates his circulation, makes him stronger in every way, develops and expands the tissues and organs, and **will cure any case of Rheumatism, Lame Back, or General or Nerve Breakdown of the System.** It is Curing Thousands. You Get Well, too.

GENERAL DEBILITY.

Whakapara, Auckland, N.Z.

Dear Sirs,—I am glad that I bought the Belt, for it has done me a lot of good. It is making me take a good meal, which I could not do before I got it. It is making a different man of me; I get up in the morning quite refreshed. I am now also able to sleep at night. I get up with a nice taste in my mouth, and the pain has left my back. I feel better in health than I have done for years since I have been using your Belt, and I thank my God that I applied to your Company for one. Yours very truly,

G. B. HALL.
