Wellington, October 29.—The Department of Industries and Commerce has received the following cable from the High Commissioner, dated London, October 27:—The mutton market is very firm, as small shipments are expected from New Zealand for some time. Average prices: Canterbury mutton, 4½d; North Island, 4d; River Plate, 3½d; Australian, 3½d per ib. There is a good demand for all lamb, on account of the fine weather. Messrs. Donald Reid and Co. (Ltd.) report:

We held our weekly auction sale of grain and produce at our stores on Monday. There was a moderate aftendance of buyers, to whom we submitted a full catalogue. For feed oats, fowl wheat, and potatoes there was fair competition up to late values, but for chaff the demand was slack, and only a few lots sold at auction. Values ruled as under:

Oats.—Shippers' requirements are not large, and are being filled chiefly from the Bluff at reduced prices. Local stocks are small, and are moving off in small quantities at prices almost equal to late quotations. We quote: Prime milling, 2s 3d to 2s 3½d; good to best feed, 2s 1d to 2s 1½d; inferior to medium, 1s 11d to 2s per bushel (sacks extra).

Wheat.—There is little change to report. Millers are not disposed to buy freely, and at present their purchases are almost confined to moderate lines of prime Tuscan and velvet. For medium milling qualities there is, ag inquiry, and lines of this class are in most cases being quitted as lowl wheat, for which there is fair demand. We quote: Prime milling, 3s 44d to 3s 6d; medium to good, 3s 2½d to 3s 4d; whole fowl wheat, 3s 1d to 3s 2d; broken and damaged, 2s 9d to 3s per bushel (sacks extra).

Potatoes.—Consignments coming forward are not heavy, and for best freshly-picked table sorts prices show a slight improvement. The seed season is practically over, and best white sorts are now being offered for table use. Medium and inferior lines and small potatoes of all kinds are difficult to quit at reduced prices: We quote: Prime table potatoes, £11 to 31 10s; medium to good, £8 to £10 15s; inferior and small, £2 to £5 per ton (sacks in).

Chall.—The market is more heavily supplied with chaff of all descriptions. Only prime bright oatch sheaf has any demand, and this is saleable at prices almost on a par with, late quotations. For medium being without attention from buyers, while inferior is and inferior, £2 15s to £3 2s 6d per ton (bags extra).

tra).

Pressed Straw.—The market is bare of good wheaten straw, which is readily worth 35s per ton. Oaten straw is not so strongly inquired for at 40s to 45s

Messrs. Stronach, Morris, and Co. report:—
Oats.—The market continues quiet, and there is no change to record. Quotations: Prime milling, to 2s 2d; good to best feed, 2s 1d to 2s 1½d; inferior, 1s 10½dgto 2s per bushel.

Wheat.—The market shows little alteration, although there is a better inquiry for prime milling; especially Tuscan, and fowl wheat continues to meve of briskly Quotations: Prime milling, 3s 3d to 3s 3d; median do, 3s 3d to 3s 4d; best whole fowl wheat, 3s 1d to 3s 2d; broken and damaged, 2s 7d to 3s per bushel.

Potatoes:—Prime table sorts continue to meet with a good demand, but other qualities are not much sought after. Quotations: Seed lines, £11-10s to £12-70d; prime table sorts, £8 fos to £9 ios; inferior and small, £3 to £8 per ton.

Chaff.—The market is over-supplied, and prices in consequence are easier. Quotations.—Extra choice, to £4, prime oaten, £3 15s to £3 17s 6d; medium, £3 7s 6d to £3 12s 6d; discoloied and light, £3 to £3 5s per ton.

DUNEDIN HORSE SALEYARDS. Messrs. Wright, Stephenson, and Co., report as fol-

Messrs. Wright, Stephenson, and Co., report as follows:—

There was a mixed entity of horses forward for our sale last Saturday, and very few of them were worthy of special mention. Several buyers were present on the look-out for heavy draught geldings for town work, and there were also buyers from the country wanting good, useful plough mares and geldings; but owing to these classes being poorly represented many intending purchasers had to go away with their wants unsupplied. For any draughts that are at all fresh and active the demand is really first-class, and at Saturday's sale these sorts sold at up to £48. Very few spring-carters and spring-vanners were forward, but for any that were in the yard competition was very keen, and they sold at up to £34.10s. In light harness horses and hacks there were none of special merit offered, but a few ordinary sorts changed hands at up to £15. We quote: Superior young draught geldings at from £45 to £52; extra good do (prize takers), £55 to £60; superior young draught mares, £55 to £65; medium draught mares and geldings, £30 to £40; aged do, £15 to £25; well-matched carriage pairs, £75 to £100; strong spring-van horses £25 to £30; milk-cart and butchers' order-cart horses, £18 to £25; light hacks, £10 to £15; extra good hacks and harness horses, £20 to £25; weedy and aged do, £5 to £8.

TIMARU

(From our own correspondent.)

There passed away at her residence, Church street, Timaru, on Wednesday, 24th inst., Mrs. D. Quinn, in her 58th year. The deceased lady, who was a resident of the parish for many years, was a sterling Catholic, and the mother of two sons and three daughters who take an active part in all Church work.—R.I.P.

A successful social considering the unseasonable weather, was held in the Assembly Rooms on Tuesday evening last. There were about one hundred persons present, and every means was taken to see that all enjoyed the miscellaneous programme provided. The musical portion of the programme was in the very capable hands of Miss F. Dennehy, and the refreshments and general arrangements were attended to by Mrs. Dennehy and Miss Byrne, who hope to considerably augment by the result the funds in hand for their stall at the forthcoming bazaar in aid of the building fund of the new church.
