It is hard to imagine

a more severe test for coal than that afforded by the "Discovery" on the Antarctic Expedition. "Coalbrookdale" was used entirely during the long period spent among the ice and snow. The Engineer wrote on his return: COALBROOKDALE Coal "was used entirely for Steaming, Cooking, and Warming purposes, and I can positively say that no class of coal could have been more suitable in every way."

If you use coal for either of the above purposes you will find that "Coalbrookdale" will give you the same satisfaction that it did to the "Discovery" pioneers.

Try "Coalbrookdale" today! Your own coal merchant can supply it!
