The Wonderland of the North.

(Continued from page 6.)

Mr. Brebner, of the local Tourist office, an old St. Patrick's College pupil, was with us on the mountain, and next to Father Holierhoek, who was invaluable as a guide, we were indebted to him for his kindness and attention. The two gentlemen mentioned and I left the coach at the top of the mountain, and descended through the forest on foot to the base, where we rejoined it. Traversing the deep forest Father Holierhoek initiated us into the many and interesting phases of its growth and expansion; he is a veritable walking encyclopedia.

Our stay was drawing to a close, and we had seen nearly all that was of interest, the remainder for a future visit. On the morning of our departure we attended early Mass, breakfasted, and bled ourselves to the railway station. An unusually busy air was lent to the station owing to the great congregation of Maoris bent upon farewelling a young native couple starting upon their honeymoon. 'Seats, please, train going on,' from the guard, caused hurried adieus, and a speedy occupation of seats in the carriages, when, amidst wavings of hands, and handkerchiefs, and 'good-byes,' we rolled away from weird and wondrous Rotorua, aptly described by one of our present Cabinet Ministers as 'A fine place, if it only holds fast.'

A little wonder is the Broadcast Patent Seed-sower, sold by Morrow, Bassett, and Co. For sowing turnip, rape, grass, and clover seed it has no equal, while for oats, wheat, and barley you have only to see it to know its value. A boy can work it. Sow four acres per hour, and any quantity up to six bushels per acre. Price only 20s.—***

At this season everybody is liable to Coughs and Colds. Avoid all danger by taking TUSSICURA.—***

SACRED HEART COLLEGE, PONSONBY, AUCKLAND.

Conducted by the Marist Brothers, under the Special Patronage of his Lordship the Right Rev. Dr. Lenihan, Bishop of Auckland.

The above College is now almost built. On the 21st of June, the Feast of the Sacred Heart, it will be solemnly blessed and formally opened by his Lordship the Right Rev. Dr. Lenihan, Bishop of Auckland. Studies will be commenced therein on the 6th of July, and application for Boarders can be accepted forthwith.

The Site of the College is charmingly situated. It is within easy reach of Queen street, overlooks the Waitemata Harbor, and commands a magnificent view of the Waitakerei Ranges. Abutting the Richmond Road, the College lifts its stately form on a section of land 14 acres in extent. This will afford the students convenient grounds for games and recreations, and so contribute materially to their development, mental, moral, and physical. A plot of five acres is now in course of preparation for a football and cricket ground.

The College is large and commodious. It is built in brick, on concrete foundations. To secure dryness, all its outer walls are cemented; and to guard against fire, the inner walls are plastered and the ceilings built in steel. The dormitories are large and lofty, the class rooms well lighted and ventilated, and the baths supplied with water hot and cold.

For a Boarding School, Auckland possesses unique advantages. It enjoys an immunity from extremes of heat and cold, possesses a mild and salubrious climate, and has scenic surroundings that have made it the favorite city of New Zealand to reside in.

The great object of the Brothers is to give their pupils a Sound Religious Training, to teach them to be virtuous, and to accustom them to the regular practice of their religious duties. And at the same time to impart to them a knowledge of such subjects as will qualify them for Public Examinations, fit them for commercial and professional pursuits, and enable them to discharge the duties of their after-life with honor to religion, benefit to the State, and credit to themselves.

Students will be prepared for Junior and Senior Civil Service and for the N.Z. University Examinations.

Terms.—Thirty-five guineas for Boarders, payable in advance at the commencement of each term, viz., the beginning of February, June and September.

Extras.—An entrance fee of two guineas for the use of Bedding; seven guineas a year for Instrumental Music; and medical fees in case of sickness.

A reduction of three guineas is made in favor of brothers.

Prospectuses can be obtained from the Director,

MYERS and CO., Dentists, Octagon, corner of George street. They guarantee highest class of work at moderate fees. Their artificial teeth give general satisfaction, and the fact of them supplying a temporary denture while the gums are healing does away with the inconvenience of being months without teeth. They manufacture a single artificial tooth for Ten Shillings, and sets equally moderate. The administration of nitrous-oxide gas is also a great boon to those needing the extraction of a tooth. PHYSICIANS AGREE that every disease with which suffering humanity is afflicted is certainly due to the neglect of some trivial trouble, which could have been easily cured if a remedy had been applied in time. Most complaints make their early appearance in the shape of Affections of the Throat and Lungs, and what is required in the initial stage is a preparation that will arrest the development of serious trouble. **TUSSICURA** has proved its efficacy in this respect in thousands of cases throughout the length and breadth of the Colony, and for this reason its reputation is widespread and daily increasing. Price, 2s 6d per bottle. Obtainable from all Chemists and Storekeepers.—***

In the most obstinate cases of coughs and colds **TUSSICURA** can be relied upon to afford immediate and permanent relief.—***
