The Extravagance of Cheapness in a Sewing Machine

Every woman knows the foolish extravagance of buying anything for her house just because it is 'cheap.'

Every woman also knows that what seems 'dear' at first is often 'cheapest in the end.'

Yet the woman who will urge her husband to buy a thoroughly good overcoat because he gets several seasons' wear out of it, often buys some unknown Sewing Machine for herself because of its 'bargain' price.

Now the Singer Sewing Machine costs very little more than thrown-together, catch-penny machines. Yet **one** Singer will out-last **several** of the ordinary kind.

The Singer has earned the reputation of running as smoothly at the end of its twentieth or thirtieth year as the day it was bought. Considering this, the Singer is in the end the cheapest machine to own.
