BIG, HEAVY CROPS, YEAR AFTER YEAR, BY USING

Belfast Manures

¶ The great danger in growing crops year after year, as every farmer is aware, lies in overcropping. The vitality becomes exhausted. Belfast Manures, however, restore the soil's vitality. Containing Phosphates, Ammonia, Potash Salts (the properties on which the plants feed and grow), they increase its fertility, and enable you to get the very best out of the soil.

¶ No matter what you are sowing—grain or root crops—use Belfast Manures. They are cheap to buy, will save your soil, and the increase in returns will more than repay you the small outlay.

¶ Made up for light soil as well as heavy, and varied to suit all crops.

¶ Full particulars from any of our Agents, or direct from us.

EVERYBODY ENJOYS YOUR BAKING

When it is done with a Champion Range. It's so wholesome, so tempting. Not burnt in some places, semi-cooked in others, but perfectly baked through and through. The

Champion Range

Oven heats quickly, retains the heat, and cooks evenly on all four sides. Moreover, the fire responds to every turn of the dampers. This enables you to regulate the heat of the oven to any degree you wish and save fuel. The best cooks prefer a Champion. It is so reliable, so easily understood and managed. The Champion may now be obtained with open fire.
