Anataform Teeth!

The special Anataform Teeth used with our plate-work are built on Nature's Model.

This ensures "naturalness"—pearly-white, even teeth altogether superior to the obviously artificial teeth, which only too often mar an otherwise handsome face.

But it is not merely in appearance that our Anataform Teeth vie with Nature's. They are sound, strong teeth—strong enough for a lifetime's service, perfect in shape and colour.

The plate is moulded to conform to every line and modulation of the mouth. It will fit precisely and last many years.

Let me supply you with a comfortable, perfect-fitting, well-matched set of teeth. Absolute satisfaction guaranteed.
