### Luminous (Shine at Night) Crucifix

This Crucifix is a beautiful and marvellous work of art. The corpus, or figure of our Lord, is made of unbreakable material, richly finished in imitation of marble. The cross on which the corpus is mounted is made of fine wood, ebony color, and is 15 inches high by 8 inches wide.

The figure absorbs the rays of light during the day, and these rays shine forth during the night, producing a brilliant light, blue at first, and gradually changing to a bright, ivory-like light, showing the Christ figure in

almost startling relief continuously throughout the night. The darker the room the better result. The luminous effect is everlasting.

# Do You Live in "Common-Sense Street?"

Do you treat your Teeth as they deserve?

Do you go to an efficient Dentist twice or thrice a year, whether you think your Teeth need attention or not?

Behind those pearly-white, apparently-sound Teeth of yours, there may be some very slight decay.

Just a pin-point, perhaps, but that miniature cavity is going to give you trouble. Inside, unawares to you, it will grow.

Decay will eat away your tooth, until one day—crack—you discover that the tooth you thought whole and good was a mere shell.

Realise this in time—and call on me for a thorough overhaul of your teeth.

Such wise action may save you pain, trouble and expense. Examination and advice free.
