MINUS YOUR SIGHT

Too awful for contemplation,
isn't it?

That means your sight is pre-
cious—precious beyond all cal-
culation.

But do you treat it as being
worth so much?

How do you know that right
now you haven't some eye defect
which is jeopardising your good
vision?

You don't know—you can't
know. That's why we urge
you to pay us a visit immedi-
ately, even if you *think* your
eyes are O.K.

WE TEST EYES FREE.
