Defective Teeth —Why?

It's certainly most hard to under-
stand why people allow bad
teeth to stay in their mouths.
It's illogical—and inconsistent of
all those who profess to live in
"Commonsense Street."

Consider the ill-health that de-
cayed or defective teeth cause!
They harbour myriads of germs
—agents of bad teeth in corrupt-
ing food, which in turn carries
the germs throughout the system
—and that means illness.

Yet how unnecessary. A little
time spent under my treatment
will remedy the trouble.

If the teeth are too far gone I
will extract them painlessly. If
it is at all possible to save them
I will do it by means of fillings
or crowns.

My bridgework and platemwork
also reach a very high efficiency
mark. My fees are moderate.

Consult me to-day about your
tooth-needs. Examination and
advice free.
