"How Natural!"

The highest recommendation of
the Special Anataform Teeth
which I fit on all plates, is that
they are modelled as precisely as
possible on a perfect, natural
tooth. The result is that they
are even, strong and pearly-white.

That is just what you want, for
it means that your set of teeth
will mirror Nature.

Then consider the plates on
which these perfect Anataform
Teeth are mounted.

I have an ingenious machine for
making plates to an even thick-
ness throughout, and moulding
them to conform minutely to
every line and curve, every de-
pression and elevation of the
mouth.

This ensures that they will not
break or become unwearable.
They are warranted to last
many years.

Painless extractions free when
sets are ordered.

Consult me to-day. Consulta-
tion entails no obligation.
Moderate fees always.
