"CADILLAC"

SELF-STARTING

SELF-IGNITING

SELF-LIGHTING

The Greatest Success in Motor History.

The 1913 CADILLAC has literally taken the New Zealand Motor World by storm and never has CADILLAC enthusiasm been so strong and widespread as now.

The handsome lines, the deep, soft upholstery, the yielding springs, the riding qualities of almost velvety smoothness, the really quiet engine without sacrificing power, the flexibility and remarkable ease of control, the perfect standardisation of parts, the simplicity and the economy of maintenance; the 100 per

cent. efficient CADILLAC electric system of automatic self-cranking and electric lighting now in its second year on the CADILLAC; these, and almost countless other marks of distinction, stamp the CADILLAC as a car which leaves nothing to be desired, nothing really worth while which a greater expenditure will procure.

A CADILLAC is unquestionably the greatest Car Value ever offered at any price.
