Grandfather Recommends Bonnington's.

Grandfather has proved after many a test that the best remedy for coughs and colds is the famous family cough medicine—Bonnington's Irish Moss. There's nothing to equal it. For children or adults nothing else is so safe and sure. Free from harmful drugs, it soothes the irritation, breaks up the cold, and sets matters right again.

Mr. Wm. Neighbours of Waimangaroa, writes:—

"It gives me great pleasure to recommend Bonnington's Irish Moss for coughs, colds or any lung complaints, having used it in my family for 20 years."

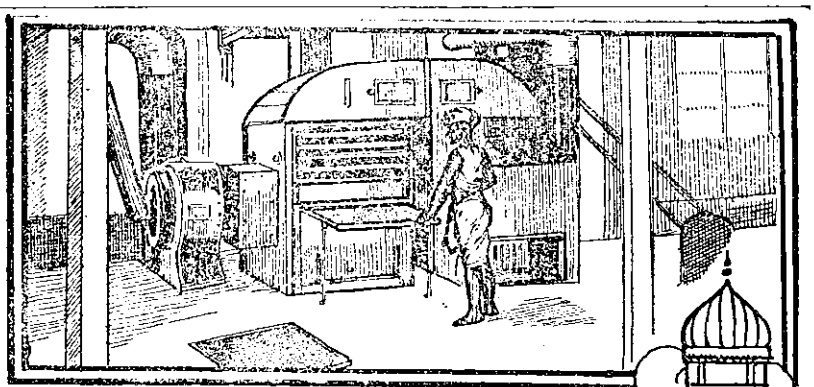
BUY THE BEST STARCH.

Colmans' Starch is the outcome of tests and experiments extending over 150 years. Don't be deluded into buying a cheap starch by the statement that it is equal to COLMAN'S. "COLMAN'S" is put on the market at the lowest price possible, and lower-priced articles are necessarily of inferior quality



THE STORY OF AMBER TIPS.

Drying the Tea with Hot Air.

READ THE SERIES.

After the tea leaf is rolled, other processes follow and finally the tea goes to the drying machine. There it is piled on drawers placed one above another. A current of hot air is passed over it until each leaf is firm and crisp. Thus all moisture is removed, but without driving off the essential oil and other constituents upon which flavour mainly depends.

The Amber Tips experts select the finest tea from the finest estates that's why it excels all other teas—even higher priced brands.

Amber Tips Tea is unique in quality. It is the most economical tea too—more cups from a packet. The 2/- per lb. Amber Tips represents perfection in tea—it is without an equal. The 1/10 Amber Tips is a fine full flavoured tea—wonderfully economical. The 1/8 quality cannot be equalled at the price.

So great is the success of Amber Tips that some unprincipled firms imitate its package and name as closely as possible. Of course they cannot imitate its flavour and quality.

Reject imitations, specify Amber Tips and secure the best value and the best tea. 59
