

Remuera

(From our own correspondent.)

The visiting examiner for Trinity College of Music, London, has just completed the examination of candidates at the Auckland centre, and the results afford reading of a very pleasant character for those who admire the educational work of the various Catholic Sisterhoods laboring in and around the city. Of the successful passes, 145 are from the city and suburban convents. Of this fine total the Sisters of St. Joseph contributed no less than 62, inclusive of the three presented from the local convent.

The final results are now in for the recent 'At home,' and the net profits amount to £80. From all sides Father Doyle and the committee have received the warmest congratulations upon the unprecedented financial and social success of the entertainment.

A large number of boys and girls attending the local convent school are to make their First Communion on Friday next at the 8 o'clock Mass. The class has been receiving instructions from Rev. Father Kirrane for some months past.

Hastings

(From our own correspondent.)

I regret to have to record the death of Mr. Denis Hourigan, which took place on Saturday, August 2, after a short and painful illness. The deceased, who was 56 years of age, was a native of County Limerick, and had been a resident of Hastings for the last thirty years, where he had been well known and highly respected. The interment took place on August 4, when the remains were taken to the Sacred Heart Church, where a short service was held, and from there to the Hastings Cemetery, where the Rev. Father Mahony officiated. The cortege, which was a lengthy one, was headed by a large body of the Hibernian Society, of which the deceased was an active member. He leaves behind him a family of one son and five daughters to mourn their loss.—R.I.P.

Trench's Remedy

—FOR—

Epilepsy and Fits.

WHAT INDEPENDENT WITNESSES SAY.

Thankful Mothers' Testimony.

From Mrs A. LAWLESS, Lisnadan, Corboy P.O., Co. Longford, Ireland.

January 10, 1912.

'Your letter to hand, and in reply to same I am very glad to inform you that my son has not had a turn since last October twelve months, thanks to the benefits derived from your most valuable medicine. He is now as strong and healthy as ever he was in his life. You can make what use you like of my letter.'

From MRS. JOHN SLEITH, 241 Leslie Street, Toronto.

January 22, 1912.

'I have been waiting to see if my son was permanently cured before writing to you. It is now eighteen months since he had an attack or any feeling approaching one.

'Since he was six years old he had been subject to them off and on, sometimes better and sometimes worse, and as he grew older they came on heavier and oftener. At eighteen he began taking your Remedy, and he got relief. At this time he got his leg broken and the shock brought on the fits again. He stopped the Remedy when he met with the accident. The attacks kept right on until two years ago. I begged him to take the Remedy again and give it a fair trial. This he did, dieting himself according to instructions, and we began to see a lessening of the attacks, until they ceased eighteen months ago, with no return of any since.

'He feels well and has gained in health and strength ever since. He spent six months out west in Saskatchewan on a farm and worked hard too. They were to report to me if there was any return of his trouble, but they said that there was none and he was enjoying the best of health, which I can truly say still continues. I am thankful to be able to report so highly of the good effect of your Remedy, and I trust, with God's blessing, my son may continue in good health. I have recommended your Remedy to several others, as I consider there is no other remedy so effectual for fits of any kind as Trench's Remedy.

'If this testimony from a thankful mother will induce any others who are afflicted to try your Remedy, you are at perfect liberty to make use of it.'
