## He Tells It to the Graphophone

The  
Machine  
that  
Saves  
You 50  
Per Cent

If you have a Business Graphophone at your desk, it means that you are in position to dictate your correspondence the moment you wish—It is always ready

It relieves you of all the annoyances and errors of the old system of stenographic dictation and by its use your daily correspondence is handled in a perfect and economical manner.

It is the right way—the up-to-date way for every careful office man to handle his correspondence. A comfort to the correspondent. Makes work easy for the typewrist.

# Fire!! Fire!!

COPE with FIRE in its incipient stage. Steam engines take time to get there, or the water might be cut off at the critical moment.

Had a PATROL Fire Extinguisher been used when the recent Wellington blaze commenced its disastrous course, Thousands of Pounds would have been saved.

**The PATROL**  
WILL EXTINGUISH BLAZING OIL !

Forty times as effective as water.  
Throws stream FIFTY FEET.  
A child can use it.
