Burning of a Royal Motor-Car.

An untoward accident has befallen one of the motor-cars which His Majesty had intended to take with him to Biarritz. On Monday evening, Nov. 4th, as the railway porters were hoisting this 60-h.p. machine on to the platform, it was seen that the oil reservoir was full. In the effort to empty it, a lantern was placed too near, the oil caught fire, and the automobile was completely destroyed. (*Times March 5th 1907.*)

Three Good Well-Established Businesses.

If looking for a sound business (no matter what size or what class), let us know. We have on hand a large list of particularly good businesses for sale, and many, by reason of special circumstances, are put on the market at really dead-snip terms. It is impossible to advertise all, and we may just have the business that would suit you. The following three we think certainly worthy of thorough investigation, all being thoroughly good and firmly established businesses.

TRACTION ENGINE & HAULAGE PLANT.

Two traction engines complete, in good order; saw-cutting plant, including circular saws, benches, belting, etc.; house-shifting plant includes shifting trolleys, screw jacks, wire ropes etc. No opposition. Plant is constantly employed. Turnover £80 to £90 per month. Price as going concern £550.

BICYCLE AND ELECTRO-PLATING.

In busy city. Employs three men. Established 9 years. Will remain a few months to introduce new man, etc. Price as a going concern, £650.

LIVERY STABLES.

Splendid going business in fine central town. Buildings include 10 looseboxes, 14 stalls, feed room, office and waiting-room, with 10-roomed house with every convenience. Stock consists of 16 horses, 13 vehicles, harness, etc. All in best order and condition. £1850. Terms arranged.
