

PATENTS

The Wealth of Nations

A PATENT gives you an exclusive right to your invention for a term of fourteen years. You can sell, lease, mortgage it, assign portions of it, and grant licenses to manufacture under it. The value of a successful Patent is in no degree commensurate with the almost nominal cost of obtaining it. In order to obtain a patent it is necessary to employ a Patent Attorney to prepare the specifications and draw up claims. This is a special branch of the legal profession which can only be conducted successfully by experts. For nearly twenty years, we have acted as Patent Attorneys for thousands of clients in all parts of the world. Our vast experience enables us to prepare and prosecute Patent cases and Trade Marks, at a minimum of expense. We shall be happy to consult with you in person, or by letter, as to the probable patentability of your invention.
