

# PATENTS

**The Wealth of Nations**

A PATENT gives you an exclusive right to your invention for a term of fourteen years. You can sell, lease, mortgage it, assign portions of it, and grant licenses to manufacture under it. The value of a successful Patent is in no degree commensurate with the almost nominal cost of obtaining it. In order to obtain a patent it is necessary to employ a Patent Attorney to prepare the specifications and draw up claims. This is a special branch of the legal profession which can only be conducted successfully by experts. For nearly twenty years, we have acted as Patent Attorneys for thousands of clients in all parts of the world. Our vast experience enables us to prepare and prosecute Patent cases and Trade Marks, at a minimum of expense. We shall be happy to consult with you in person, or by letter, as to the probable patentability of your invention.

Handbook on Patents, Trade Marks,  
—etc., sent free on application.—

## SAND AND GRAVEL IS GOLD

when made into Blocks of Stone for building construction as seen

The Machinery is easy to operate, yet capable of turning out a variety of designs, shapes and sizes. The machine is seen below with a Standard block just made, and ready to be carried away.

You can now become your own stone-maker by buying a plant for the small sum of £35.
