The Business Graphophone

Doubles the Efficiency of the Stenographer and Saves 50 per Cent of the Cost

You are a busy man and appreciate the saving of 50% of the time of high-priced men. The Business Graphophone does this.

It is more *economical* and *accurate* than your present method, with none of the serious and annoying features of the stenographic service.

The usual changes and corrections are readily made at any part of the dictation, and interruptions are met with equal ease.

It offers you the privacy of dictation and ever-ready service, while the *COST OF MAINTENANCE* is about half the cost of the old-fashioned stenographic way.

The typewrist is also well favored by this system,

A Booklet giving complete information on this subject will be mailed you free, on receipt of the filled out coupon below

WAGON. First against all
comers.

SMOOTH-ON IRON CEMENTS. For
stopping holes in castings,
and leaks in engines & boilers.

Fire!! Fire!!

COPE with FIRE in its incipient stage. Steam
engines take time to get there, or the water
might be cut off at the critical moment.

Had a **PATROL Fire Extinguisher** been used when
the recent Wellington blaze commenced its disas-
trous course, **Thousands of Pounds** would have
been saved.

The PATROL
WILL EXTINGUISH BLAZING OIL !

Forty times as effective as water.
Throws stream FIFTY FEET.
A child can use it.
