The Busy Lawyer Tells It to the **GRAPHOPHONE** and SAVES 50%

The Business Graphophone is of the greatest value to the Lawyer—especially in the preparation of briefs, when making notes and excerpts from his cases as he finds them. The Graphophone is always at his elbow, ready to take dictation, while the typist is never waiting but always productively employed.

The rapid increase in the number of Business Graphophones among the business and professional houses throughout the country show the thorough appreciation of this valuable system.

If you are a busy man and desire a perfect system of dictation, write for our new booklet, which we will mail you free on receipt of the filled-out coupon below.
