Our 25th Competition for Architectural Students

We offer a prize of £1 1s., and a second prize of 10s. 6d. to the student who writes the best essay on

GREEK ARCHITECTURE

Undoubtedly the style most in vogue at present for public buildings is "Neo-Greek." Before students can design satisfactorily in this style, or indeed, even understand the elementary principles of suitable construction and ornament, it is necessary that they should have a thorough knowledge of the architecture of ancient Greece. It is, therefore, hoped that this competition will be of practical use and benefit to students.

CONDITIONS OF THE COMPETITION.

1. The essay is limited to 2000 words.
2. It is to be illustrated by ten (10) small pen and ink sketches. All such sketches to be on one sheet of drawing paper not larger than demy size (20 inches by 15½ inches).
3. For subject matter, literary style, and sketching equal possible marks will be allotted.

Mr. Leslie D. Combs, A.R.I.B.A., of Dunedin, has kindly consented to adjudicate in this competition. Essays must be sent in to "Progress" office by August 21st, marked "Essay, Competition." Winning essay will be published.

Our 26th Competition for Architectural Students

FOR ADDITIONS AND ALTERATIONS.

We offer a prize of £1 1s., and a second prize of 10s. 6d. for the best two solutions of the following problem:—

Competitors are to suppose a client to have purchased a cottage in a town on a corner section, drawings of which appear on page 1165 of this issue. The purchaser has consulted an architect who advises him that the house is well built, is worthy of considerable expenditure of money for its size, and that it can be converted into an up-to-date bungalow.

Competitors must turn over in their minds what can be done to make the house a thing of beauty, and improve the planning arrangements to give two additional rooms. A large and comfortable living-room is required, which must be a good feature. Students may use their own judgment as to how additions can be effected.

The roof is now covered with iron (in good enough condition to be left), but other roofing may be suggested by competitors if they think same can be used without causing the work to be too extravagant in price. Out-buildings to be enlarged to take a motor. Provide for drainage to connect with sewer in North Street.

The doors are of stock four-panel type 6ft. 10in. by 2ft. 10in., with 5in. stock moulded architraves; 6in. moulded skirting, etc., throughout. Ceilings of two front rooms are 12in. by 1in., covered with moulded battens—balance 4in. by 1in. P.T.G.V., with 4in. by 1in. margins and 1½in. mould of satisfactory design. Grate, old-fashioned style, cement hearth; kitchen range satisfactory. Client wishes repainting and papering throughout. There are friezes in two front rooms.

Fencing satisfactory, but new large drive gate and small entrance gate required, the style of fencing being plain square picket 3in. by 1in., 3in. apart. Designs for gates required.

Competitors to show block plan, including outline of new house, ground, entrances, etc. In addition to plan section and say two (2) elevations, a short report with suggestions on the work is required, and a skeleton specification of materials and description of general finish, etc. A perspective view may be included finished in pen and ink, pencil or colour, but this additional drawing will not necessarily add points to the judging of best design. Work not to cost more than £300 (three hundred pounds).

Mr. Alec. Wiseman, of Auckland, has kindly consented to adjudicate on this competition.

Designs must be sent in, finished as above, under a nom-de-plume, address to **PROGRESS**, 10 Willis Street, Wellington, and marked clearly "Twenty-sixth Prize Competition" on outside, with a covering letter giving competitors' name and address. Designs to be sent in by September 21st.
