

# ★ STAR BRAND ★

## Defy Time by Building with "STAR" Cement,

the pioneer cement of Australasia—first in the field in 1895 and the first in quality ever since. The greatest permanence, the strongest power to resist the elements and to overcome building difficulties result from the use of

## "STAR" Brand PORTLAND CEMENT

Each year the strength of "STAR" Cement increases. This means increased value to a structure instead of the usual depreciation.

If you contemplate any form of farm or home construction, write us for information.

Wilson's Portland Cement Co., Ltd.  
26 Shortland Street, AUCKLAND.
