

"IRMO"

"IRMO" Quality is assured to consumers by every bar being stamped "IRMO." The British and New Zealand Government Standard Specifications are more than fulfilled by the Tenacity, Ductility, Tensile Strength and Malleability of this Tough Fibrous Iron, now largely superseding the imported.

IRON

In the continuity of Advertising is the good of it; in the continuity of Advertising is the Strength of it. To break the Advertising connection is to break Trade Connection. ❖❖❖

Economic BLACKSTONE

Cannot be beaten for Simplicity, Reliability, Durability, Ease of Operation and Economy

These Engines have a good reserve of power, and develop their rated horsepower at a low speed. They are therefore a bigger engine for the money than most. Can be fitted up for hoisting, pumping, well-driving; largely used for shearing and milking, and because of their simplicity are much appreciated by farmers.
