Our 26th Competition for Architectural Students

FOR ADDITIONS AND ALTERATIONS.

We offer a prize of £1 ls., and a second prize of 10s. 6d. for the best two solutions of the following problem:—

Competitors are to suppose a client to have purchased a cottage in a town on a corner section, drawings of which appear on page 1165 of this issue. The purchaser has consulted an architect who advises him that the house is well built, is worthy of considerable expenditure of money for its size, and that it can be converted into an up-to-date bungalow.

Competitors must turn over in their minds what can be done to make the house a thing of beauty, and improve the planning arrangements to give two additional rooms. A large and comfortable living-room is required, which must be a good feature. Students may use their own judgment as to how additions can be effected.

The roof is now covered with iron (in good enough condition to be left), but other roofing may be suggested by competitors if they think same can be used without causing the work to be too extravagant in price. Out-buildings to be enlarged to take a motor. Provide for drainage to connect with sewer in North Street.

The doors are of stock four-panel type 6ft. 10in. by 2ft. 10in., with 5in. stock moulded architraves; 6in. moulded skirting, etc., throughout. Ceilings of two front rooms are 12in. by 4in., covered with moulded battens—balance 4in. by 1in. P.T.G.V., with 4in. by 1in. margins and 1½in. mould of satisfactory design. Grate, old-fashioned style, cement hearth; kitchen range satisfactory. Client wishes repainting and papering throughout. There are friezes in two front rooms.

Fencing satisfactory, but new large drive gate and small entrance gate required, the style of fencing being plain square picket 3in. by 1in., 3in. apart. Designs for gates required.

Competitors to show block plan, including outline of new house, ground, entrances, etc. In addition to plan section and say two (2) elevations, a short report with suggestions on the work is required, and a skeleton specification of materials and description of general finish, etc. A perspective view may be included finished in pen and

ink, pencil or colour, but this additional drawing will not necessarily add points to the judging of best design. Work not to cost more than £300 (three hundred pounds).

Mr. Alec. Wiseman, of Auckland, has kindly consented to adjudicate on this competition.

Designs must be sent in, finished as above, under a nom-de-plume, address to PROGRESS, 10 Willis Street, Wellington, and marked clearly "Twenty-sixth Prize Competition" on outside, with a covering letter giving competitors' name and address. Designs to be sent in by September 21st.

(Continued on p 33)

Our 27th Competition for Architectural Students

We offer a prize of £1 ls. 0d. for the design awarded first place for a

TRAMWAY WAITING PLACE

with Newspaper Stall, &c.

The adjudicators make the following remarks re this competition:—"In selecting this subject we have endeavoured to set your student readers the task of designing, in cheap, durable, and readily obtainable materials, such as would be employed by any City Authority, a very common desideratum for the convenience of the citizen, in such a way that it may be an ornament and not a disfigurement to its surroundings. We venture to think that our City Authorities might pay more attention to the artistic side of their erections and trust that the outcome of this competition may excite the interest of some of your numerous readers in the subject and show them what might be done towards the improvement of their Cities in this direction.

This may also be regarded as an item in the Town Planning movement in which, like yourself, we are deeply interested."

(Continued on p 33)

Our 28th Competition

We offer a prize of £1 ls. 0d. for the design adjudged to be the best for a

GOLF CLUB HOUSE

to be erected for a club consisting of about 150 members (100 men, and 50 ladies). The site is open, and unrestricted, and the building is to be placed on a slight rise overlooking the links and facing North. The ladies', and mens' apartments, also the caretaker's rooms, are to be kept separate, but of easy access to one another.

Accommodation—MEN'S—One large Tea Room, two Dressing Rooms, one Sitting Room, two Lavatories, two W.C.'s, large Verandah.

LADIES—One Tea Room, one Dressing Room, one Sitting Room, one Lavatory, two W.C.'s, Verandah.

CARETAKER—One large Kitchen convenient to both Tea Rooms, large Scullery, one small Sitting Room; three Bedrooms, Bathroom, W.C., large Pantry, Store Room, Larder, Large Workshop, etc.

The building to be two-storeyed, the Ladies', and Men's Sitting Rooms up-stairs, opening on to a common Balcony, and with a Common Room between. The Caretaker's bedrooms etc., also on the first floor. Separate stairs to each. The whole to form one block, but the different portions—Ladies', Mens', and Caretaker's, to be marked, and apparent, from the exterior. A low, broad effect is desired, the upper rooms will therefore be better to be partly in the roof. The Balcony need not be covered. The materials to be brick, and rough-cast, with tiled roof. Cost about £1,500.

The sizes of rooms and other details are left to the competitors to decide, and to consider what is necessary for the purposes of the building and the sum allowed.

Drawings to be ½-in. to one foot, and to consist of a plan of each floor, three elevations, and one transverse section. To be inked in, and shaded in Sepia, but not coloured.

Mr. Basil Hooper, A.R.I.B.A., of Dunedin, has kindly consented to adjudicate.

Designs must be sent in, finished as above, under a nom-de-plume, address to PROGRESS, 10 Willis Street, Wellington, and marked clearly, "Twenty-eighth Prize Competition" on outside, with a covering letter giving competitor's name and address. Designs to be sent in by December 21st.

Mention of "Progress" when writing ensures prompt attention
