

# 3 Sets in One!

## The Lowest Priced 4-Valve Kit Set on the Market!

Imagine it! Three Sets rolled into one—4-Valves—and sold at a price lower than an ordinary THREE.

**FIRST.**—A Broadcast Receiver equal to most 6-Valve Sets—Gives you Australia and New Zealand with more volume than you want, also the usual American Stations.

**SECOND.**—A Super Short-Wave Set—Picks up all the recognised world stations with ease.

**THIRD.**—A perfect Power Amplifier to operate in conjunction with a gramophone "pick-up."

Backed by Mullard—Britain's greatest Valve Manufacturers. Supplied complete, with instructions, all ready to assemble—a boy can do it in an evening—no drilling, sawing, or soldering.

It offers you all that is best in Radio—at a price everyone can afford to pay.

Procurable from all Radio Dealers.
