

conception of RADIO VALUE!

MODEL 45.—Eight-valve A.C. Electric Set (including rectifier). Two 171A Power Valves in push-pull amplification. Model 45 in beautiful walnut console with diamond-matched sliding doors as that of Model 50 illustrated at the right, embodies a great new chassis using 5 type 227 valves, 1 type 280 rectifier valve and 2-171A power valves in push-pull. Double copper shielding of radio frequency coils and use of a four-gang condenser gives the utmost in selectivity. The new perfected Steinite electro-dynamic speaker, driven by the power tubes, gives a new conception of tonal beauty—rich and natural. Retail price, complete with valves:

Centres	£60
Inland	£61/10/-

MODEL 102 (below).—Electric Radio-phonograph combination. A nine-valve A.C. Electric Set (including rectifier). Using the same powerful chassis as the Model 50, Steinite has produced a combination which gives to recorded music the rich tonal beauty of a power push-pull amplifying system, using two of the new 250 power valves. This amazing instrument contains every feature that has been associated with sets costing up to £400, and it is destined to make radio-phonograph history at its amazingly low price! The beautiful cabinet is of selected fine walnut, richly finished. Two albums embossed in colours are supplied. The noiseless electric motor has automatic stop and speed control. Retail price, complete with valves:

Centres	£100
Inland	£102/10/-

MODEL 102

MODEL 50

MODEL 50 (above).—Nine-valve A.C. Electric Set (including rectifier). Two 250 power valves in push-pull amplification. The extent to which Steinite has revised all previous ideas of Radio value is shown in this superb Model 50, using the sensational new 250 power valves in push-pull amplification! With this amazing receiver, Steinite has coupled a Super-Electro-Dynamic Speaker in a hi-boy cabinet of startling beauty, with sliding doors of Oriental diamond matched walnut. Giant power and glorious tone have been brought to the moderate-priced field by Steinite engineers who have made the 250 valve yield its utmost in the Model 50. Retail price, complete with valves:

Centres	£73/5/-
Inland	£75
