

NO OVERLAPPING OF STATIONS !

IF you own a Radio Set you know that when you try to pick up a distant programme, the local station "drowns" your Receiver with its overwhelming transmission. You get two programmes at once just like taking two photographs on one negative.

With the Cossor Melody Maker this annoyance is swept away. Its knife-edge selectivity will cut out local stations like magic. It will bring you superb radio music from Auckland, Dunedin and Wellington. Why be tied to your local station? Assemble the Cossor Melody Maker and pick your programme from where you will. It's as simple as Meccano, no drilling, sawing or soldering, no wireless knowledge needed. Any wireless dealer will supply you. Fill in the coupon now and get to know all about this amazing Receiver

with the wonderful NEW
