

# Mighty Monarch of the Air!

## MAJESTIC

### All-Electric

### Radio

### Receivers

Extract from a Hawke's Bay newspaper:—

"Radio extraordinary." Can justly be claimed of the Majestic all electric radio and gramophone combination set after its broadcasts of the Wairarapa-Hawke's Bay football match on McLean Park on Saturday last. This particular performance is claimed by experts to be the best demonstration yet heard in New Zealand. Every word could be heard the length and breadth of the large playing ground whilst the gramophone records playing during intervals were a musical treat."
