

The Finest Radiola Ever Built
at anywhere near this price

The NEW RCA RADIOLA

33

for £28/10/-, with Radiotrons, of course

YOU can now buy a high quality radio broadcast receiver—a genuine “all-electric” console Radiola—the latest design from the laboratories of the Radio-Victor Corporation of America—at a very small outlay.

The new RCA “33” is the finest Radiola ever built at anywhere near this price. It has all the superb qualities of the famous “17,” utilizing the same tried and tested chassis, and, in addition, comes to you in complete console form, ready to place in any convenient nook or corner.

Radiolas were first built by the thousands; now they are built by the hundreds of thousands. Cost of manufacture has been greatly reduced at the same time that quality has been improved. A fine Radiola is no longer a luxury.

RCA LOUDSPEAKER 100B—

With the rich, mellow tone characteristic of the popular “100” type of reproducer. To match Radiola 33. £6/10/-

When buying any make of radio receiver, make sure that it is equipped with RCA Radiotrons—the acknowledged standard of vacuum tubes.
