# £10

## VISIT STAND No. 15

### AT THE AUCKLAND EXHIBITION

and compare COSSOR with receivers costing fifteen and even twenty pounds. Do any one of them offer the same wonderful features as the New COSSOR Melody Maker? Have they the handsome all-metal cabinet with its amazing screening effect? Are they fitted with the Cossor Screened Grid Valve, which gives knife-edge selectivity? Will they bring you programmes from Auckland, Wellington, Christchurch, Dunedin, the Australian, and even the American and Japanese stations? Are they simple to work—can a novice bring in distant stations? If, on the other hand, you are considering building a Set—does the price include the valves, the cabinet, all the parts, and even the simple tools? Look where you will, you cannot find a Receiver at any price which offers you such amazing value for your money as the wonderful new COSSOR MELODY MAKER. And remember this remarkable Cossor Melody Maker will cost you, not twenty pounds or even fifteen, but £10. Price includes the three Cossor Valves, the handsome all-metal cabinet, and even the tools and wire—everything necessary to assemble this wonderful Receiver. Get full details—
