FREIGHT CHARGES:—

We pay freight on all retail orders over £1 value. Please include sufficient cash for postage on small orders.

AUSTIN LINE FILTERS.

Why put up with man-made static when it can be so easily cured? These Line Filters definitely eliminate noises, such as those coming from power stations, motors, tramways, flashing signs, refrigerators, etc. We do not pretend that they will cure ordinary static coming over the aerial, but they will definitely cure all noises coming over the A.C. mains. Try one for a week and if it does not clear up your trouble we will gladly refund your money.

CAT. NO. FAF40.

19/6 each.

BEST HYDRO-METERS.
