

Radio Reco

JULY 19, 1935.

(Registered as a Newspaper, G.P.O. (Wellington))

BEHIND

Radiola Radio

Amalgamated Wireless Australasia pioneered radio manufacture in the Southern Hemisphere—and to-day maintains the largest and most modern radio research laboratories and greatest radio manufacturing plant in this part of the world.

A.W.A. has been prominently associated with the latest developments of all branches of radio service, and have been mainly responsible for all the installation work carried out in and around Australia and New Zealand.

From this world-famous Radio factory comes

The FISK ALL-WAVE RADIOLA
