in every branch of Radio

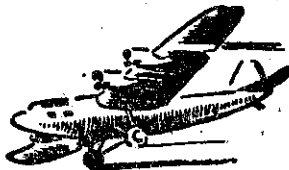

The FISK  
**RADIOLA**

Over 30 Leading BROADCAST Stations built by the makers of RADIOLA.

Over 350 ships equipped with wireless by the makers of RADIOLA.

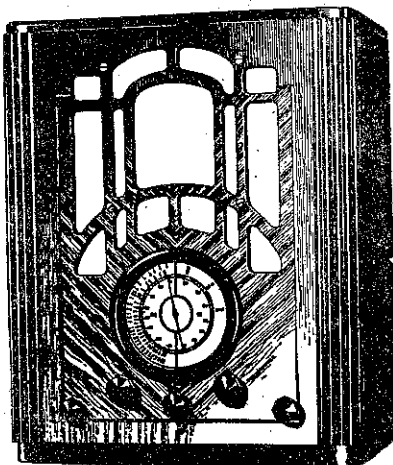

Many planes carry Radio Equipment by the makers of RADIOLA.

Behind the outstanding performance and dependability of Radiola Radio stands the vast experience of Amalgamated Wireless Australasia in radio research and manufacture. Every component in a Radiola is made and tested in the huge Australian factory. Every set sold is guaranteed for 12 months. Small down payments—balance over an extended period.

**"WORLD RANGE"  
Model 244**

Whether you are tuning in your local station or one on the other side of the world you will get remarkable reception with this new "World Range" Radiola. Uses a highly efficient reflex superheterodyne circuit utilizing multi-purpose valves resulting in performance superior to receivers using a larger number of valves.
