

GSC, to Western Canada, was transmitting a good signal at R7, Q5.

W2XAF, 31.48m., transmits the best signal on the 31m. band round 3.45 p.m. Musical items.

OAX4D, 51.9m., was heard on a musical programme, signals being weak at 4 p.m. This station will not be heard in a week or two.

2ME was putting over a very fine signal at 12.30 a.m., with the usual musical programme.

PMN, on 29m., and PLP, on 27m., both with same programme, provided excellent signals at 12.55 a.m.

Radio Coloniale, on 19m., with a musical programme, was not as strong as usual, but clear, at 12.55 a.m.

GSF, 19m., heard at 1 a.m., with good signals. This station was the best of the lot on the 19m. band.

GSC, on 16.86m., was weak at 1.5 a.m. Musical programme.

MONDAY, OCTOBER 7.

DJC, on 49m., with a musical programme at 6.35 a.m. Was fairly strong, but slight static on the band. R6, Q4.

GSF, on 19.82m., musical programme at 7 a.m. Wonderful volume from this station this morning—the best signals the writer has heard on the 19m. band from London. R8, Q5.

2RO, on 25.3m., musical items and talk in Italian. Wonderful volume and clarity. R8, Q5.

GSD, 25.5m. Signals not very strong, surge taking place, at 7.18 a.m. R6, Q4.

Radio Coloniale, on 25.65m. At 1 p.m. is the only station audible with any strength on any band. Other stations very weak. R5, Q5.

W2XAF, 31.48m. Good signals at 3.25 p.m. A talk was given on "Respect for Traffic Laws." 100 per cent. readable. After this the General Motors Corp. Orchestra was heard playing numbers. Signals R7, Q5.

American amateur on 20m. phone was good round 3.45 p.m.

PY2BA, Brazil, VE4LA, Canada, and TI2RC, Costa Rica, were heard at good strength.

3LR, 31.3m., heard giving out racing results, signals weak, R3, Q3, at 4.15 p.m.

KKO, 25.11m., transmitting programme of music to Hawaii. This station will not verify, as this is a point-to-point transmission, and is looked upon as secret. Signals R6, Q5, at 4.25 p.m.

VPD, on 22.96m., at 5.40 p.m., with the usual experimental transmission, consisting of musical items. R5, Q4.

Radio Coloniale was R8, Q5 from 4 p.m. France having gone back to standard time till next March, this station will therefore close at 6 p.m. instead of 5 p.m.

TUESDAY, OCTOBER 8.

HVJ, 50.26m., was heard at fairly good strength round 7 a.m., but what with

morse and intermittent power leaks, little was heard. It seems to be getting a general thing now to have a morse signal on the same frequency as broadcast.

2RO, 31.13m. Very weak, with a musical programme at 1.40 p.m., signals being R3, Q3.

WSXK, 48.9m. At good strength at 5.30 p.m., with musical programme, but rather noisy. Signals R7, Q4.

WSXAL, 49.18m. At fair strength round 5.35 p.m. Programme of dance music. Reception was very noisy. R5, Q4.

PCJ, on 19m., heard at 10 p.m., with musical items. A very good signal. R7, Q5.

DJB, on 19m., heard with a musical programme. Signals R6, Q5, at 10.5 p.m.

**BERGER'S provides
long-term protection**

Berger's B.P. Paint is your best insurance against property depreciation. The test of over 175 years' world service has proved that it stands up in all climates. The colours stay fresh and clear. The protective film is tough—doesn't chip, peel or crack. A Berger's job lasts two to five times as long, besides looking better from the start.

It actually costs less on the job, too, because of its great coverage—over 850 square feet per gallon!

Buy Berger's . . . the paint with the pedigree.

"THERE IS NO SUBSTITUTE FOR QUALITY."

Stocked by dealers throughout the Dominion. For further particulars apply BOX 759, WELLINGTON.
