Indigestion Relieved after the First Dose

WHAT wouldn't you give for a remedy like that—one that gave you *immediate* and *complete* relief after just one dose? Think what it would mean to you—the end of those months, those years of suffering, no more stabbing agony, no more "bloated" sensations after meals, no more palpitation or heartburn!

Yes, there really is a remedy—De Witt's Antacid Powder. It is made to give instant and permanent relief from *all* stomach troubles, from mild flatulence or heartburn to acute dyspepsia or gastritis. Its unflinching effect is due to its wonderful three-fold action.

First, it neutralises the excess acid that is causing the painful flatulence, palpitation and inflammation of the stomach walls.

Secondly, it spreads a soothing, healing and protective coating of colloidal kaolin over the inflamed stomach walls, and so gives the stomach a chance to regain its proper state of health while allowing the ordinary process of digestion to go on.

Thirdly, to make sure of *permanent* relief, one ingredient partially digests the food and so takes the heavy load from the weakened stomach and intestines. Every case of indigestion, however severe is instantly relieved and pains vanish.
